

HAMIZ ZAHOOR

C / C++ Developer | Web Developer | Video Editor

+91 7078625730 | hamizsaifi747@gmail.com | Sambhal, Uttar Pradesh, India | linkedin.com/in/hamizzahoor | github.com/hamizsaifiDev

PROFESSIONAL SUMMARY

Driven and self-motivated BCA student with a strong foundation in C and C++ programming and a creative eye for front-end web development. Demonstrated ability to learn rapidly and deliver quality projects independently. Known for meticulous attention to detail, a collaborative spirit, and genuine passion for technology.

KEY STRENGTHS

- Fast Learner — Mastered C++, HTML, CSS & JavaScript independently, with no formal training.
- Problem Solver — Approaches every bug and challenge with analytical, logical thinking.
- Creative + Technical — Rare combination of coding skills and visual creativity via video editing.
- Collaborative — Works effectively in teams, values feedback, and communicates clearly.
- Self-Driven — Built real projects without internship guidance, through pure initiative and grit.

TECHNICAL SKILLS

Programming: C, C++, Object-Oriented Programming (OOP), Data Structures, Algorithms

Web Development: HTML5, CSS3, JavaScript, Responsive Design, Flexbox

Creative Tools: Video Editing, Motion Graphics, Color Grading, UI/UX Basics

PROJECTS

Personal Portfolio Website *HTML5 • CSS3 • JavaScript*

- Designed and built a fully responsive portfolio from scratch, showcasing skills, projects, and personality.
- Implemented modern UI with animations, Flexbox layout, and a mobile-first approach.
- Demonstrates real-world ability to plan, design, and deploy a complete web product independently.

C++ Console Applications *C • C++ • Basic Data Structures*

- Developed console-based applications using C++ and Object-Oriented Programming concepts.
- Built projects such as a Grocery Store Management System and a Password Manager.
- Implemented file handling, classes, functions, and basic data structures.
- Continuously improving problem-solving skills through DSA practice and self-learning.

EDUCATION

Bachelor of Computer Applications (BCA) *Currently Pursuing • Expected 2026*

- Focus: Programming and Web Development.

CERTIFICATIONS

- Introduction to Generative AI Studio — Certificate Code: 10424532 (3rd July 2026)
- C++ Programming — SkillUp by Simplilearn — Certificate Code: 10430624 (5th July 2026)

LANGUAGES & INTERESTS

Languages: Hindi (Native), English (Proficient)

Interests: Web Development, Competitive Coding, Content Creation, UI/UX Exploration

Open to Internships & Opportunities
